				Skye	AFC1843	4,5	£46.60				
				Iona	AFC1844	4,5	£46.60				

* One Border must be Cotton, Linen or Piping

To calculate the cost of a rug firstly decide on dimensions eg 3 metres x 2 metres. Calculate square metreage eg 6 sq m. multiply this by cost of chosen carpet. Calculate linear metreage around perimeter of rug eg 10 linear metres multiply this by cost of chosen border. Add two together and this is the cost of the rug.
